Meeting ID: 111 265 385

Password: 032138

#### **Plan for missed classes:**

**Welding – 7 nights (24.5 hrs) missed**

Blackboard course available titled “Welding Practices and Procedures for the Pipe Trades” Apprentices will need to complete sections 1 thru 5 including all reading, assignments & exams.

**Pipe, Valves, Fittings & Supports- 3 nights (10.5 hrs) needed**

Blackboard course available that follows the textbook with reading, assignments & exams to cover all the course material. The entire course must be completed

**For your Classes, You will need to log into blackboard. Your classes can be found under “My Institution”**

Your username is: first initial last name\_ua006 - Example: John Doe username = jdoe\_ua006

Your password is your 7-digit UA # (no 0's in front)

## 2<sup>nd</sup> Years –

### **2<sup>nd</sup> Year Apprentice Orientation – April 8, 2020 at 5:00 pm**

Click on the link below at 5pm on the day of your meeting- Zoom should open and sign you in

Join Zoom Meeting

<https://us04web.zoom.us/j/392714449?pwd=Y1lITXhpUUtaNlhwenF0L3R2dzBidz09>

Meeting ID: 392 714 449

Password: 026259

### **Plan for missed classes:**

**Tube Bending** – 2 nights (7 hrs) missed

**Plan Reading** – 5 nights (17.5 hrs) missed

**Isometric Drawing** – 3 nights (10.5 hrs) missed

The Tube Bending class would be difficult to cover online, so apprentices will be required to complete the “Financial Literacy” course on Blackboard. Financial success is key to overall success, especially in the construction industry & this course gives you some useful information and strategies that will help you throughout your life & careers.

For Plan Reading & Isometric Drawing, apprentices are required to complete the Blackboard course “Drawing Interpretation & Plan Reading”.

### **For your Classes, You will need to log into blackboard. Your classes can be found under “My Institution”**

Your username is: first initial last name\_ua006 - Example: John Doe username = jdoe\_ua006

Your password is your 7-digit UA # (no 0's in front)

## 3<sup>rd</sup> – 5<sup>th</sup> Years –

### **3<sup>rd</sup> – 5<sup>th</sup> Year Apprentice Orientation** – April 9, 2020 at 5:00 pm

Click on the link below at 5pm on the day of your meeting- Zoom should open and sign you in

Join Zoom Meeting

<https://us04web.zoom.us/j/345789057?pwd=MmR3UHltTDM4MGpFNmlEazM1dWJRQT09>

Meeting ID: 345 789 057

Password: 026161

### **Plan for missed classes:**

#### **Pipe Fabrication & Layout** – 4 Nights (14 hrs) missed

The remainder of this class was shop activities, so apprentices will be required to complete the Blackboard course “Financial Literacy”. Financial success is key to overall success, especially in the construction industry & this course gives you some useful information and strategies that will help you throughout your life & careers. Blackboard information below.

#### **Building Controls** – 2 nights (7 hrs) missed

This material is on Blackboard and chapters 10-12 will be completed online. Blackboard information below.

**For the Blackboard classes listed above, You will need to log into blackboard. Your classes can be found under “My Institution”**

Your username is: first initial last name\_ua006 - Example: John Doe username = jdoe\_ua006

Your password is your 7-digit UA # (no 0's in front)

#### **Blackboard Link:**

**ASSE Backflow Repairer course – 5 nights (20 hrs) missed + test night**

I would like to complete this course at our Training Center during the first 3 weeks of May if possible, with the 8 students so testing can be wrapped up prior to Memorial weekend. Class nights will be as follows:

Monday, May 4                      Wednesday, May 6

Monday, May 11                     Wednesday, May 13

Monday, May 18

Testing will be completed on Wednesday, May 20 & Thursday, May 21

**\*If we must postpone the ASSE class due to the Coronavirus, the same class layout would be followed in June or July if needed with completion prior to August 1<sup>st</sup>. All students will be notified as soon as a decision has been made.**

\*This layout is not ideal and certainly not the way we would like to complete the school year. There will be challenges with this since it is new to most of us, but there is some good information in these classes, so we need to make the best out of the situation and do what's necessary to complete this school year so everyone can advance in their apprenticeship on August 1<sup>st</sup>. Thank you for your understanding,

Jeremy Thompson
