Southeastern Minnesota Association of Plumbing & Steamfitting, J.A.C.

August 3, 2020

Local #6 Member,

Local #6 JATC has decided to host a UA weld test session for our members. Working towards a UA weld certification may help members improve their skills and possibly secure employment in the future. This test session will be held at the Local #6 Training Center on Friday, August 21 from 8am to 4pm. Everyone that participates will need to be here at the scheduled start time, but you may leave once your test has been completed, or if time is available, you may be able to take another test if approved by 1 of the CWI's present. Both Journeyman and Apprentices are encouraged to attend, but there are limited spots available. Members are welcome to freshen up on their welding during normal business hours at the Training Center with advance notice. If you have any questions, or would like to get signed up, please let me know.

Fraternally,

Jeremy Thompson
Training Coordinator
