Southeastern Minnesota Association of Plumbing & Pipefitting J.A.T.C.

Local #6 Members & MN State Plumbing License Holders,

The MN Plumbing Code Continuing Education Class Schedule is now available online for registration. After clicking on the link below, you will be directed to a login page. Your Username is your 7-digit UA # and your password is your first initial followed by your last name, **all lower case with no spacing**. For example, John Doe's login would be:

Username: 1234567

Password: jdoe

Once logged in, click on the tab that says "JOURNEYMAN", from there you can select the classes you would like to attend. There is limited seating available in each class session, so I would recommend registering as soon as you can. You will be able to log back into your account in the future to double check dates of the classes you select, it will be under "My Bookings". There are also some licensing/certification classes available if you scroll to the bottom of the list. Some of them may have a cost associated with them, which you can pay for with a credit card at checkout.

ONLINE REGISTRATION LINK: <https://registration.ualocal6.org/>

~Health & Welfare Informational meeting~

There will be a health and welfare informational meeting on Wednesday, September 2nd at 5pm at the Training Center. The Doctor from our clinic in Rochester will be here along with a representative from Pipe Trades Services MN. They will be giving an overview of the services they provide and answer any questions you might have about your health insurance, retirement benefits and Health and Wellness clinic locations and services that are included with your plan. Spouses are encouraged to attend, but there will be limited seating due to our COVID-19 Training Plan that is available for you to view after you login. If you have questions about any of this or issues logging in, please let me know.

****As you will see in our COVID-19 Training Plan, masks or face shields will be required in the training center at all times, we appreciate your help with this.**

Fraternally,

Jeremy Thompson
Training Coordinator
